

Look and Listen

Brynna Herridge, Grade 5

Boise

Listen to the rushing whistle of the water
so clear and so cold.
Look at the ripples in the water,
at the shiny rocks in the bottom of the river.
Smell the freshness of the water,
look at the trees around
look at the rocky bank,
listen to the birds singing,
look at the fallen trees that make this beautiful scene,
look at the rocks
look at the leaves.
